For purposes of Proposal Two, a majority of shares present and voting must be cast in favor of the proposal for it to be approved. In the case of either of the proposals, broker non-votes will be treated as votes not cast, and will not have any effect. Abstentions will be treated as shares not voted with respect to Proposal One, and will not be calculated in the tabulation. In the case of Proposal Two, abstentions will be treated as votes cast against the proposal, and, if no instructions are given, the persons named as Proxies in the accompanying proxy card intend to vote FOR Proposal Two. A proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company a notice of revocation or a duly executed proxy bearing a later date. The Board has an Audit Committee, a Compensation Committee and an Executive Committee. During the period for which he or she was a director in fiscal 2002, each director attended at least 75% of all meetings of the Board and the committees on which he or she served.

AUDIT COMMITTEE. Messrs. Carlborg and Berman and Ms. Lauderback are the members of the Audit Committee. Each member of the Audit Committee is an independent director as defined in the New York Stock Exchange rules. The Audit Committee's responsibilities are included in its written charter. The Audit Committee met seven times during fiscal 2002.

COMPENSATION COMMITTEE. Messrs. Kollat, Carlborg and Tishkoff are the members of the Compensation Committee, which administers the Company's stock option plans and advises the Board of Directors with respect to compensation matters. The Compensation Committee met twice during fiscal 2002.

EXECUTIVE COMMITTEE. Messrs. Wickham, Kollat and Tishkoff are the members of the Executive Committee. Unless otherwise determined by the Board, the Executive Committee is generally vested with all the powers of the Board of Directors, except that the Executive Committee cannot fill vacancies among the directors or in any committee, or take any other action not permitted to be delegated to a committee under Ohio law or the Company's Code of Regulations. Notwithstanding this authority, both the Board and the Executive Committee view the Executive Committee's role as acting as a liaison to the full Board and assisting management with matters of convenience. The Executive Committee is also responsible for interviewing and nominating candidates for election as directors of the Company. The Executive Committee will not consider nominees recommended by shareholders. The Executive Committee met twice during fiscal 2002.

DIRECTOR'S REMUNERATION. Pursuant to arrangements with the Company, directors who are not officers and who are not involved in the daily affairs of managing the Company receive an annual retainer. In fiscal 2002, the annual retainer was increased to \$30,000. In addition, each such director receives \$1,000 for each Board meeting attended in person (\$500 for each Board meeting attended by phone), and, pursuant to an increase in fiscal 2002, \$1,000 for each committee meeting attended in person (\$500 for each committee meeting attended by phone). During fiscal 2002, seven directors, Messrs. Berman, Carlborg, Glazer, Kollat, Tishkoff, Wickham and Ms. Lauderback, were parties to such arrangements. In addition, these seven directors constitute outside directors and receive stock option grants under the Director Stock Option Plan. During fiscal 2002, each of these seven directors received an option to acquire 10,000 common shares of the Company pursuant to the Director Stock Option Plan (please see Director Stock Option Plan).

EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION REPORT OF THE COMPANY'S COMPENSATION COMMITTEE

Compensation of the Company's executive officers is administered by the Compensation Committee of the Board of Directors (the "Compensation Committee"). The Compensation Committee consists of three independent, non-employee directors. The Compensation Committee's responsibilities include establishing the policies and procedures applicable to the compensation of the Company's executive officers and reporting on them to the Board of Directors; recommending to the Board of Directors the salaries, incentive compensation and other remuneration of executive officers; and reviewing the salaries, compensation and other remuneration of all other senior officers.

The Compensation Committee believes that the strong performance of its executive officers is the key to the Company's success. Consequently, the Compensation Committee applies aggressive compensation incentives, both short-term and long-term, to maximize shareholder value. The Compensation Committee feels that these incentives should be implemented with a high degree of responsiveness to the performance of the Company. To achieve this responsiveness, importance is placed upon executive officer participation in the Company's performance through equity ownership, and through bonuses based upon the Company's performance. The basic compensation components for all executive officers, including the Company's Chief Executive Officer ("CEO"), consist of salary, bonus opportunities under the Company's 1998 Key Associate Annual Incentive Compensation Plan, as amended (the "Bonus Plan"), and stock options granted under the Company's 1996 Performance Incentive Plan, as amended (the "Incentive Plan"). The Compensation Committee believes these components properly align the financial interests and success of executive officers with those of the shareholders.

CEO SALARY

Mr. Potter's base salary was originally established by his employment agreement dated June 26, 2000. Mr. Potter's employment agreement does not provide for any automatic salary increases. Instead, such increases (if any) are made in the sole discretion of the Compensation Committee during its annual review process of the Company's executive officers. The Compensation Committee has chosen not to adopt any specific schedule of salary increases, and may adjust Mr. Potter's salary without regard to adjustments in the salaries of other executive officers of the Company. Generally, the Compensation Committee will look to factors such as the Company's planned and actual increase in pretax income, market performance of its common shares, business growth and the achievement of other previously established non-financial criteria, in determining the amount of Mr. Potter's salary increase. The Compensation Committee does not weight such factors in advance or tie Mr. Potter's salary to specific performance criteria. For fiscal 2002, Mr. Potter's salary was not increased.

CEO BONUS

Mr. Potter's bonus is determined in accordance with the Bonus Plan. Under the Bonus Plan, Mr. Potter's bonus is based upon the Company's achievement of specific earnings targets established by the Compensation Committee at its February meeting at the beginning of each fiscal year. For fiscal 2002, the Compensation Committee derived its bonus targets from the Company's planned earnings for the fiscal year established by the Board of Directors at the beginning of the fiscal year. The Compensation Committee determined the CEO's bonus goals based on whether the Company achieved certain predetermined performance levels (e.g., floor, target and stretch) as applied to the Company's earnings targets. Although Mr. Potter's employment agreement provides him with the opportunity to earn a "target" bonus equal to his base salary and a "stretch" bonus equal to twice his base salary (no right to a minimum bonus exists in his employment agreement), the establishment of the Company's performance targets applicable to his bonus goals are solely in the Compensation Committee's discretion. As a result of the Company's performance in fiscal 2002, Mr. Potter received a stretch bonus equal to twice his base salary.

CEO EQUITY INCENTIVES

The Compensation Committee believes that the grant of significant stock options to Mr. Potter further links Mr. Potter's interests with the interests of the shareholders. Consistent with these objectives, Mr. Potter's equity interests in the Company, through stock options granted under the Incentive Plan, comprise his primary compensation and align his personal rewards and motivation with Company performance and shareholder value. Stock options are granted to Mr. Potter at the discretion of the Compensation Committee. After considering the number of stock options previously granted to him, the Compensation Committee awarded Mr. Potter a stock option grant of 325,000 shares for fiscal 2002. All of Mr. Potter's stock options, including those granted in fiscal 2002, have an exercise price equal to the fair market value of the Company's common shares at the date each option is granted and become exercisable over time during employment, in equal amounts over a 5 year period.

NON-CEO SALARY

In connection with his promotion to Vice Chairman and Chief Administrative Officer ("CAO"), Mr. Bell entered into an employment agreement dated June 26, 2000. Additionally, on July 29, 2002, Messrs. Larsson and Waite (collectively, the "Executive Vice Presidents") entered into employment agreements. Although Messrs. Bell, Larsson and Waite's employment agreements established their respective base salaries, the employment agreements do not provide for any automatic salary increases.

The salary component for the Company's executive officers other than the CEO, CAO and Executive Vice Presidents is initially based upon industry data for comparable positions at similarly sized companies, as adjusted to reflect the experience and expertise of the individual. The Company attempts to limit the comparison market to Columbus, Ohio wherever possible. However, where the position is unique to companies included in the Standard & Poor's Retail Stores Index, the Company collects industry data reflective of members of that peer group that

are of similar size to the Company. Salaries of non-CEO executive officers are reviewed annually and adjusted to reflect growth in the individual's performance, the individual's achievement of previously established goals, the individual's relative contribution to the overall performance of the Company and any changes in the individual's responsibilities. Salary adjustments are subjectively determined, and are not formally tied to Company performance.

NON-CEO BONUS

The bonus component for non-CEO executive officers is determined in accordance with the Bonus Plan. The bonus component for non-CEO executive officers consists of a percentage of salary earned as the Company achieves specific earnings targets established by the Compensation Committee at its February meeting at the beginning of each fiscal year. The Compensation Committee derives its bonus targets and defines the bonus goals (e.g., floor, target and stretch) from the Company's planned earnings for the fiscal year projected by the Board of Directors at the beginning of the fiscal year. Other than for Messrs. Bell, Larsson and Waite, the percentage of salary is set by position level, and is subjectively determined. Mr. Bell's employment agreement provides him with the opportunity to earn a "target" bonus equal to his base salary and a "stretch" bonus equal to twice his base salary (no right to a minimum bonus exists in his employment agreement). Messrs. Larsson and Waite's employment agreements provide each of them the opportunity to earn a "target" bonus equal to 60% of their respective base salaries and a "stretch" bonus equal to 120% of their respective base salaries (no right to a minimum bonus exists in their employment agreements).

As with the Company's CEO, the establishment of the Company's performance targets applicable to Messrs. Bell, Larsson and Waite, as well as the bonus goals of the other non-CEO executive officers, remain solely in the Compensation Committee's discretion. As a result of the Company's performance in fiscal 2002, each of the Company's non-CEO executive officers (including Messrs. Bell, Larsson and Waite) received a stretch bonus. The Compensation Committee believes that a significant portion of the total compensation of the non-CEO executive officers should be bonus and should be directly tied to the Company's performance.

NON-CEO EQUITY INCENTIVES

The equity participation component for executive officers other than the CEO consists primarily of stock options granted under the Incentive Plan. Stock options are granted at the discretion of the Compensation Committee, typically at the beginning of each fiscal year during the Compensation Committee's annual review process and in an amount determined by position and performance in the prior fiscal year. Stock options have an exercise price equal to the fair market value of the Company's common shares at the date each option is granted. In addition, stock options are often granted in connection with the promotion of an individual to a greater level of responsibility. The number of shares covered by each option grant is set in advance by position, subject to adjustment based upon the Compensation Committee's subjective perception of the individual's performance. Stock options vest over a five year period, based upon time passage during employment and not based upon performance criteria. The Compensation Committee's determination of the timing and amount of each grant is subjective, based upon its assessment of the need and appropriateness of each grant, in light of the performance of the respective executive officer and the performance of the Company as a whole. The Compensation Committee considers the recommendation of, and relies upon information provided by, the CEO in making its assessment and reaching its decision with respect to non-CEO executive officers. The Compensation Committee believes that its policy in determining stock option grants best utilizes stock options as a specific long-term performance incentive, by basing an important portion of the executive officers compensation upon the future performance of the Company's common shares.

DEDUCTIBILITY OF ANNUAL COMPENSATION OVER \$1 MILLION

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally limits the tax deductibility for federal income tax purposes of compensation paid to the Company's CEO and the four highest compensated executive officers (other than the CEO) in excess of \$1 million. Compensation in excess of \$1 million may be deducted if it is "performance-based" compensation within the meaning of the Code. For

fiscal 2002, the Company believes it has taken the necessary actions to preserve the deductibility of all payments made under the Company's compensation plans. As the Code or the regulations promulgated thereunder change, the Compensation Committee presently intends to take reasonable steps to ensure the continued deductibility of payments under the Company's compensation plans while at the same time considering the goals of the Company's executive compensation philosophy.

REPORT OF THE COMPANY'S AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Audit Committee") assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the Company's accounting, auditing and reporting practices. Annually, the Audit Committee recommends to the Board the selection of the Company's independent auditors. Deloitte & Touche LLP was selected as the Company's independent auditors for fiscal 2002.

The Audit Committee currently consists of three directors of the Board who are not employees of the Company. The Company's common shares are listed on the New York Stock Exchange ("NYSE"). The members of the Audit Committee have been reviewed by the Board and determined to be independent as defined in Sections 303.01(B)(2)(a) and (3) of the NYSE's listing standards.

The Audit Committee has reviewed and discussed the audited financial statements with management and Deloitte & Touche LLP. Management has the primary responsibility for the financial statements and the reporting process. The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), as modified or supplemented. The Audit Committee has received written disclosures and a letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, as modified or supplemented, and has discussed the independence of Deloitte & Touche LLP with Deloitte & Touche LLP. The Audit Committee has also considered whether Deloitte & Touche LLP's provision of financial information systems design and implementation services, if any, and other non-audit services to the Company is compatible with maintaining the independence of Deloitte & Touche LLP. The fees paid by the Company to Deloitte & Touche LLP during fiscal 2002 were as follows:

Potter, Bell, Naylor, Waite, and Larsson were \$2,438, \$2,920, \$0, \$4,396, and \$14,374, respectively.
- (e) Mr. Naylor began his employment with the Company in September, 2001.

EMPLOYMENT AGREEMENTS. The Company is a party to employment agreements with certain of its key executives ("Key Executive Agreements"). On June 26, 2000, Messrs. Potter and Bell entered into Key Executive Agreements, and, on July 29, 2002, Messrs. Larsson and Waite entered into Key Executive Agreements. The terms of the Key Executive Agreements are substantially similar and they are described collectively herein except where their terms materially differ. The Key Executive Agreements are intended to assure the Company that it will have the continued dedication, undivided loyalty, and objective advice and counsel from these key executives in the event of a proposed transaction, or the threat of a transaction, which could result in a change of control of the Company. Annually, the Compensation Committee reviews the performance of each key executive to determine whether the key executive's salary and bonus should be adjusted. Bonuses are not payable under the Key Executive Agreements unless the Company achieves a minimum threshold of its earnings targets. Messrs. Potter and Bell's bonuses are subject to a maximum of 200% of their respective base salaries, and Messrs. Larsson and Waite's bonuses are subject to a maximum of 120% of their respective base salaries. The

Key Executive Agreements require that the key executive devote his full business time to the affairs of the Company and prohibit the key executive from competing with the Company during his employment and for a two-year period thereafter, in the case of Messrs. Potter and Bell, and during employment and for a one-year period thereafter, in the case of Messrs. Larsson and Waite. The period is reduced to six months for all key executives in the event of termination of employment following a "Change of Control," as such term is defined in the Key Executive Agreements.

Under the Key Executive Agreements, each of the key executives' employment may be terminated by the Company for cause, as defined therein. If a key executive is terminated for cause, the Company has no further obligation to pay any compensation or to provide benefits to the key executive. If either Mr. Potter or Mr. Bell is terminated without cause, such key executive will become entitled to receive continued salary payments and benefits for two years and will receive a pro-rata bonus for the fiscal year in which the action occurs. Should Messrs. Larsson or Waite be terminated without cause, the affected key executive will become entitled to receive continued salary payments and benefits for one year and will receive a pro-rata bonus for the fiscal year in which the termination occurs. Both Mr. Potter and Mr. Bell may terminate their respective employment under their Key Executive Agreement if the Company adversely changes the key executive's authority, title, or position. The Key Executive Agreements provide that in the event a key executive is terminated within 24 months of a Change of Control, the key executive will receive a lump sum payment (net of any applicable withholding taxes) in an amount equal to two years salary and two years annual stretch bonus and will be entitled to receive certain plan benefits for two years, in the case of Messrs. Potter and Bell, and for one year, in the case of Messrs. Larsson and Waite.

A Change of Control of the Company would also cause each of the key executives to receive a payment in the amount necessary to hold them harmless from the effects of Section 280G and 4999 of the Internal Revenue Code (the "Tax Gross-Up Amount"), which Code sections could subject the payments due under these employment agreements to excise tax liability (see also "Executive Change In Control Severance Agreements"). The compensation payable on account of a Change of Control may be subject to the deductibility limitations of Sections 162(m) and 280G of the Internal Revenue Code.

The following tables reflect the (i) number and value of options granted in fiscal 2002 to the executive officers named in the Summary Compensation Table, and (ii) the aggregate exercises and number and value of exercisable and unexercisable options at February 1, 2003, for those named executive officers.

COMPENSATION PLANS AND ARRANGEMENTS

DIRECTOR STOCK OPTION PLAN. The Director Stock Option Plan is administered by the Compensation Committee pursuant to an established formula. The number of shares available under the Director Stock Option Plan initially consisted of an original allocation of 500,000 shares (781,250 shares as adjusted to account for the five for four stock splits which occurred in December, 1996 and June, 1997). Neither the Board nor the Compensation Committee exercise any discretion in administering the Director Stock Option Plan, and the administration performed by the Compensation Committee is ministerial in nature. The formula which governs the grant of stock options to eligible participants may be amended by the Board, but not more frequently than once in any six month period. Under the current formula, each of the eligible outside directors are granted annually stock options for the purchase 10,000 of the Company's common shares, for an exercise price equal to the fair market value on the date of grant. Each annual grant occurs on the last day of the quarterly trading period next following the Annual Meeting.

Options granted under the Director Stock Option Plan become exercisable over three years beginning upon the first annual anniversary of the grant date, whereby the option becomes exercisable for 20% of the shares on the first anniversary, 60% on the second anniversary, and 100% on the third anniversary. Options automatically terminate ten years and one month following the date of grant. An optionee may exercise a stock option only during specific quarterly trading periods, and only if at all times during the period beginning on the date such option was granted and ending on the day three months before the date of exercise, he or she was a director of the Company. Options granted under the Director Stock Option Plan are not transferable other than by will or the laws of descent and distribution.

1996 PERFORMANCE INCENTIVE PLAN, AS AMENDED. The 1996 Performance Incentive Plan, as amended (the "Incentive Plan") is administered by the Compensation Committee. The Incentive Plan authorizes the grant of incentive or nonqualified stock options, stock appreciation rights, restricted stock, stock equivalent unit and performance unit awards (collectively referred to as "Awards"), any of which may be granted on a stand alone, combination or tandem basis. The Compensation Committee determines the individuals to whom Awards are to be made; the number of shares covered by each Award; the term of the Award; its vesting, exercise period or settlement; the type of consideration, if any, to be paid to the Company upon exercise of an Award; and all other terms and conditions of the Awards. The purpose of the Incentive Plan is to provide a flexible, long-term vehicle to attract, retain and motivate officers and employees.

The number of common shares available for delivery under the Incentive Plan consists of an initial allocation of 2,000,000 shares (3,125,000 shares as adjusted to account for the five for four stock splits which occurred in December, 1996 and June, 1997), which is increased, beginning with the first fiscal year in which the Incentive Plan was in effect and during each fiscal year following, by a number of shares equal to one percent (1.0%) of the total number of issued common shares of the Company as of the start of each of the Company's fiscal years. Unused shares from previous fiscal years remain available for delivery under the Incentive Plan; provided, however, the total awards of stock options or restricted stock outstanding and shares available for use under the Incentive Plan combined with any awards of stock options or restricted stock outstanding from any other plan of the Company shall not exceed fifteen percent (15%) of the total shares of issued and outstanding common shares as of any measurement date.

The Incentive Plan limits the number of common shares of the Company that can be represented by stock options, stock appreciation rights, or restricted stock awarded to any participant during any single fiscal year to no more than 1,000,000 shares. As a further limitation, the maximum amount of compensation with respect to performance units and stock equivalent units that may be paid in any fiscal year (within the meaning of Section 162(m) of the Code) to any participant with respect to any fiscal year is \$2,000,000. Awards under the Incentive Plan may be made to any salaried employee, consultant or advisor of the Company or its affiliates, as designated by the Compensation Committee. Historically, options have been granted to approximately 200 employees in any given year.

The Incentive Plan provides for the Award of options which may be either incentive stock options or non-qualified options. For both incentive and non-qualified options, the exercise price may be not less than 100 percent of the fair market value of a common share of the Company at the time the option is granted. Any

option intended to qualify as an incentive stock option must meet all requirements of Section 422 of the Code. The Compensation Committee may grant stock appreciation rights to any eligible salaried employee, consultant or advisor on such terms as the Compensation Committee may determine.

The Compensation Committee may grant shares of restricted stock, stock equivalent units, and performance units, subject to such conditions and restrictions as the Incentive Plan specifies and otherwise as the Compensation Committee may determine. These grants may be made alone or in tandem with other Awards. Stock equivalent units and performance units may be payable upon vesting in cash, or may be convertible to common shares or other form of value determined by the Compensation Committee.

No Award under the Incentive Plan may be assigned or transferred by the grantee other than by will or the laws of descent and distribution, pursuant to a qualified domestic relations order (as defined by the Code) or as may otherwise be permitted by the Compensation Committee. In the absence of the first two exceptions, all rights may be exercised during the grantee's lifetime only by the grantee.

The Compensation Committee may from time to time, at its discretion, amend or terminate the Incentive Plan, except that no such amendment or termination shall impair any rights under any Award made prior to the amendment's effective date without the consent of the grantee, and provided that no such amendment shall increase the number of shares available under the Incentive Plan or change the price at which stock options or stock appreciation rights may be granted unless approved by shareholders in accordance with applicable laws and regulations. The Incentive Plan expires on December 31, 2005, or may be terminated on such earlier date as the Board may determine.

PENSION PLAN AND TRUST. The Company maintains a noncontributory defined benefit pension plan (the "Pension Plan") for all employees whose hire date precedes April 1, 1994, who have reached the age of 21 and who have worked for the Company for more than one year. The amount of the Company's annual contribution to the Pension Plan is actuarially determined to accumulate sufficient funds to maintain projected benefits. Effective January 1, 1993, the computation of annual retirement benefits payable upon retirement under the Pension Plan is 1% of final average annual compensation multiplied by the years of service up to a maximum of 25. This benefit is payable when a participant reaches the normal retirement age of 65. However, the Pension Plan does provide an early retirement option, and employment beyond the normal retirement age is permitted by agreement with the Company. For purposes of calculating benefits under the Pension Plan, compensation is defined to include a two month equivalent of the total cash remuneration (including overtime) paid for services rendered during a plan year prior to salary reductions pursuant to Sections 401(k) or 125 of the Code, including bonuses, incentive compensation, severance pay, disability payments and other forms of irregular payments. Effective January 1, 1996, the benefits accrued for certain highly compensated individuals, including all executive officers, were frozen at the then current levels.

The table below illustrates the amount of annual benefits payable at age 65 to a person in the specified average compensation and years of service classifications under the Pension Plan combined with the Supplemental Pension Plan.

The maximum annual benefit payable under the Pension Plan is restricted by the Internal Revenue Code. At December 31, 2002, the maximum final five year average compensation was \$172,000. At December 31, 2002, Messrs. Potter, Bell, Naylor, Waite, and Larsson had 11, 15, 0, 14, and 14 years of credited service, respectively. The compensation taken into account in computing benefits under the Pension Plan includes base salary and bonuses. Income recognized as a result of the exercise of stock options is disregarded in computing benefits under

the Pension Plan. A participant may elect whether the benefits are paid in the form of a single life annuity, a joint and survivor annuity or as a lump sum upon reaching the normal retirement age of 65.

SUPPLEMENTAL PENSION PLAN. The Company maintains a non-qualified supplemental employee retirement plan ("Supplemental Pension Plan") for those executives whose benefits were frozen in the Pension Plan on or subsequent to January 1, 1996. The Supplemental Pension Plan constitutes a contract to pay benefits upon retirement as therein defined. The Supplemental Pension Plan is designed to pay the same benefits in the same amount as if the participants continued to accrue benefits under the Pension Plan. The Company has no obligation to fund the Supplemental Pension Plan, and all assets and amounts payable under the Supplemental Pension Plan are subject to the claims of general creditors of the Company. The table below illustrates the amount of annual benefit payable at age 65 to a person in the specified average compensation and years of service classification under the Supplemental Pension Plan.

SAVINGS PLAN. All of the executive officers referred to in the Summary Compensation Table, as well as substantially all other full-time employees of the Company and its subsidiaries, are eligible to participate in the Big Lots, Inc. Savings Plan (the "Savings Plan" or "401K"). In order to participate in the Savings Plan, an eligible employee must satisfy applicable age and service requirements and must make contributions to the Savings Plan ("Participant Elective Contributions").

Participant Elective Contributions are made through authorized payroll deductions to one or more of the several investment funds established under the Savings Plan. One of the funds is a stock fund that is invested solely in common shares of the Company. All Participant Elective Contributions are matched by the Company ("Employer Matching Contributions") at a rate of 100% for the first 2% of salary contributed, and 50% for the next 4% of salary contributed; however, only Participant Elective Contributions of up to six percent of the employee's compensation will be matched.

Each participant has a nonforfeitable right to all accrued benefits pertaining to Participant Elective Contributions. Each participant also has a nonforfeitable right to all accrued benefits pertaining to Employer Matching Contributions in the event of retirement or other termination of employment (a) on or after the participant's 65th birthday, (b) on account of disability, or (c) by reason of death. A participant whose employment terminates under other circumstances will have a nonforfeitable right to a portion of accrued benefits pertaining to Employer Matching Contributions determined under a schedule based on years of service. All other unvested accrued benefits will be forfeited.

SUPPLEMENTAL SAVINGS PLAN. The Company maintains a non-qualified salary deferral plan (the "Supplemental Savings Plan" or "Top Hat") for those executives participating in the Savings Plan who desire to contribute more than the amount allowable under the Savings Plan. The Supplemental Savings Plan constitutes a contract to pay deferred salary, and limits deferrals in accordance with prevailing tax law. The Supplemental Savings Plan is designed to pay the deferred compensation in the same amount as if the contributions had been made to the Savings Plan. The Company has no obligation to fund the Supplemental Savings Plan, and all assets and amounts payable under the

Supplemental Savings Plan are subject to the claims of general creditors of the Company and its affiliates.

EXECUTIVE BENEFIT PLAN. Most of the executive officers are eligible to participate in the Company's Executive Benefit Plan (the "Benefit Plan"). The Benefit Plan is a supplemental health benefit plan which reimburses participants for medical costs incurred but not covered by the Company's Associate Benefits Plan, up to an annual maximum reimbursement of \$40,000 per participant. Amounts received by participants are treated as taxable income. Amounts received exceeding the applicable threshold by the individuals named in the Summary

Compensation Table are included in the amounts reflected in the values of personal benefits received by such individuals.

EXECUTIVE CHANGE IN CONTROL SEVERANCE AGREEMENTS. Since April 18, 1989, the Company has maintained Executive Severance Agreements with many of its key officers and employees (currently approximately 64 persons). The agreements expire on the anniversary of their execution and are automatically extended on an annual basis unless the Company provides at least 90 days notice that any particular agreement will not be extended. The agreements provide for severance benefits if, within 24 months after a Change in Control (as defined in the agreements and below), the key officer or employee's employment is terminated by the Company (other than for Cause, as defined in the agreements), or the key officer or employee resigns because of a material change in the circumstances of his or her employment. For purposes of the agreements, "Change in Control" means any one or more of the following: (i) any person or group (as defined for purposes of Section 13(d) of the Securities Exchange Act of 1934) becomes the beneficial owner of, or has the right to acquire (by contract, option, warrant, conversion of convertible securities or otherwise), 20% or more of the outstanding equity securities of the Company entitled to vote for the election of directors; (ii) a majority of the Board of Directors is replaced within any period of two years or less by directors not nominated and approved by a majority of the directors in office at the beginning of such period (or their successors so nominated and approved), or a majority of the Board of Directors at any date consists of persons not so nominated and approved; or (iii) the shareholders of the Company approve an agreement to merge or consolidate with another corporation or an agreement to sell or otherwise dispose of all or substantially all of the Company's assets (including without limitation, a plan of liquidation). Notwithstanding these provisions, the agreements provide that a Change in Control shall not result from a transaction in which the Company exchanges less than 50% of its then outstanding equity securities for 51% or more of the outstanding equity securities of another corporation. The agreements provide for the following severance benefits: (i) for certain key officers (including Mr. Naylor) having a position of vice president (or above) of the Company (or its affiliates), a lump-sum payment equal to 200% of the key officer's then-current annual salary and stretch bonus; or (ii) for other employees having a position of director of a department of the Company (or its affiliates), a lump-sum payment equal to 100% of the employee's then-current annual salary and stretch bonus. Messrs. Potter, Bell, Waite, and Larsson are not a party to such an agreement, but each has substantially similar provisions contained in his respective employment agreement. In addition, the 1996 Performance Incentive Plan provides for immediate vesting of all outstanding options and shares, respectively, in the event of such a Change in Control (please see the Fiscal Year End Option Values table above). The key officer or employee will also become entitled to reimbursement of legal fees and expenses incurred by the key officer or employee in seeking to enforce his or her rights under their agreement. Additionally, to the extent that payments to the key officer or employee pursuant to his or her agreement (together with any other amounts received by the key officer or employee in connection with a Change in Control) would result in triggering the provisions of Sections 280G and 4999 of the Internal Revenue Code, each agreement provides for the payment of an additional amount (the "Tax Gross-Up Amount") such that the employee receives, net of excise taxes, the amount he or she would have been entitled to receive in the absence of the excise tax provided in Section 4999 of the Internal Revenue Code. The compensation payable on account of a change in control may be subject to the deductibility limitations of Sections 162(m) and/or 280G of the Internal Revenue Code.

INDEPENDENT AUDITORS

The Company engaged Deloitte & Touche LLP as its independent public accountants to audit its consolidated financial statements for fiscal 2002. Deloitte & Touche LLP has served as the Company's independent auditors since October, 1989. The Company's Audit Committee annually reviews and recommends to the Board the selection of the Company's independent auditors. The Company, in selecting its independent auditors for the year ending January 31, 2004, intends to assume a proactive stance and adhere to the laws, regulations and rules concerning auditor independence recently enacted under the Sarbanes-Oxley Act of 2002 and by the Securities and Exchange Commission and the New York Stock Exchange, notwithstanding the fact that such laws, regulations and rules are not mandatory for the Company's selection of its independent auditors for the year ending January 31, 2004.

A representative of Deloitte & Touche LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if so desired.

SHAREHOLDER PROPOSALS

Any proposals of shareholders which are intended to be presented at the Company's 2004 Annual Meeting of Shareholders must be received by the Company at its principal executive offices by December 10, 2003 to be eligible for inclusion in next year's Proxy Statement. Such proposals must be submitted in accordance with Rule 14a-8 of the Securities Exchange Act of 1934, as amended, and the Company's Code of Regulations. If a shareholder intends to present a proposal at the 2004 Annual Meeting of Shareholders, but has not sought the inclusion of such a proposal in the Company's 2004 Proxy Statement, such proposal must be received by the Company at its principal executive offices by February 23, 2004, or the Company's management proxies will be entitled to use their discretionary voting authority should such proposal then be raised, without any discussion of the matter in the Company's 2004 Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of common shares and other equity securities of the Company. Executive officers, directors and greater than 10 percent shareholders are required by the regulations of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10 percent beneficial owners were complied with during fiscal 2002, except as described below. In making this statement, we have relied upon the written representations of the Company's directors and executive officers.

Due to the changes in Federal securities laws brought about by the Sarbanes-Oxley Act of 2002, transactions involving executive officers' contributions to the Company's Supplemental Savings Plan, which contributions are reflected as investments in phantom units of the Company's common shares, must now be reported to the Securities and Exchange Commission within two business days of the contribution. Since systems were not in place for the administrator of the Supplemental Savings Plan to provide the executive officers with the information necessary to make such reports in a timely fashion, the following executive officers were precluded from timely reporting transactions in phantom units of the Company's common shares as the result of contributions to the Supplemental Savings Plan: Mr. Potter (filed a Form 5 to report 6 such transactions); Mr. Bell (filed a Form 5 to report 6 such transactions); Mr. Larsson (filed a Form 5 to report 9 such transactions); Mr. Donald A. Mierzwa, the Company's Executive Vice President, Store Operations (filed a Form 5 to report 9 such transactions); and Mr. Joe R. In the absence of any such specifications, they will be voted to elect all nine nominees as set forth under Proposal One and to approve Proposal Two.

A proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company a notice of revocation or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Annual Meeting and giving notice of revocation to the Secretary of the meeting, either in writing or in open meeting.

If any other matters shall properly come before the Annual Meeting, the persons named in the proxy, or their substitutes, will vote thereon in accordance with their judgment. The Board of Directors does not know of any other matters which will be presented for action at the Annual Meeting.
