INDEPENDENT AUDITORS' REPORT

To the Benefits Committee of the Big Lots, Inc. Savings Plan and Trust:

We have audited the accompanying statements of net assets available for benefits of the Big Lots, Inc. Savings Plan and Trust (the "Plan") as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years ended December 31, 2002 and 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, listed in the table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplementary schedules are the responsibility of the Plan's management. The supplementary schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001

A. PLAN DESCRIPTION

The following description of the Big Lots, Inc. (the “Company”) Savings Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan covering all employees who have completed one year of service (1,000 service hours) and have attained 21 years of age. Eligible employees may begin participation on the first day following satisfaction of eligibility requirements.

The purpose of the Plan is to encourage employee savings, to facilitate employee ownership, and to provide benefits during the employee’s participation in the Plan upon retirement, death, disability or termination of employment. The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code of 1986 (the “Code”), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Trustee—American Express Trust Company (the “Trustee”) serves as the trustee of the Plan. During 2002, the Plan changed its trustee from Fifth Third Bank to American Express Trust Company.

Administration—The Benefits Committee is responsible for the general operation and administration of the Plan. The Company is the Plan sponsor and a fiduciary of the Plan as defined by ERISA. The Trustee provides recordkeeping services to the Plan.

Contributions—Contributions to the Plan may consist of participant contributions, employer matching contributions, rollover contributions and profit sharing contributions. Each year, participants may contribute up to 50 percent of pretax annual compensation (subject to certain limitations for highly compensated individuals), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions withheld by the Company are participant directed and are subject to certain limitations. The Company matching contribution is 100 percent of the first 2 percent and 50 percent of the next 4 percent of participant contributions. The Company matching contribution is invested directly in the Company’s common stock and is allocated to each participant who (a) is an active participant and is employed by the Company on December 31 or (b) is retired, became disabled or died during the Plan year. Additional profit sharing amounts may be contributed at the option of the Company’s Board of Directors. No profit sharing contributions were made in 2002 or 2001.

Participant Accounts—Each participant account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Big Lots, Inc.**Savings Plan and Trust****NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001**

Administrative Expenses—The Company pays a portion of the expenses for administration of the Plan. All other administrative expenses are paid directly by the Plan.

Investments—Participants may direct the investment of their contributions in 1 percent increments into various investment options offered by the Plan.

Vesting—Participants are immediately vested in participant and rollover contributions, plus actual earnings thereon. Vesting in the Company matching contribution is based on years of service. A participant is 100 percent vested after five years of credited service as follows:

Years of Service	Vested Percentage
Less than 2	—
At least 2 but less than 3	25
At least 3 but less than 4	50
At least 4 but less than 5	75
5 or more	100

Benefit Payments—On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution. The portion of the Company's matching contribution that is not fully vested will be forfeited at the time employment terminates. The Company has the right to terminate or amend the Plan at any time. In the event of termination, the Plan assets will be distributed to the participants, after payment of any expenses properly chargeable thereto, in proportion to their respective account balances. A significant portion of the benefit payments during the year ended December 31, 2002 related to participants of a discontinued operation.

Participant Loans—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. One loan per participant may be outstanding at any time and the loan term may not exceed 5 years. Loans are secured by the balance in the participant's account. Loans bear interest at the Prime rate plus 1 percent using the rate stated in *The Wall Street Journal* on the first business day of the month. Loan repayments, including interest, are through regular payroll deductions. The loan balance may be paid off at any time without penalty.

Forfeited Accounts—Forfeited nonvested contributions are used to reduce Company matching contributions and pay certain Plan expenses. At December 31, 2002, forfeited nonvested accounts totaled \$186,294. In 2002, employer contributions and Plan expenses were reduced by \$221,886 from forfeited nonvested accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investments—Plan investments, other than participant loans, are stated at fair value. Fair value is determined by the respective quoted market prices. Participant loans are valued at contract value plus accrued interest.

Income Recognition—Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Payment of Benefits—Benefit payments are recorded when paid.

Reclassifications—Certain December 31, 2001 amounts have been reclassified to conform with current year presentation.

C. TAX STATUS

The Plan obtained its latest determination letter on November 21, 1995 in which the Internal Revenue Service stated that the Plan, as then designed, was designed in accordance with the applicable requirements of the Code. During 2002, the Plan was amended and restated. Although the Company has not received a determination letter for the amended and restated Plan, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan continues to qualify under Section 401(a) of the Code and continues to be tax exempt as of December 31, 2002 and 2001. No provision for income taxes has been included in the Plan's financial statements.

Big Lots, Inc.***Savings Plan and Trust*****NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001****D. INVESTMENTS**

The following investments represent 5 percent or more of Plan net assets:

Net appreciation	\$ 4,586,795

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Company terminates or partially terminates the Plan, affected participants would become 100 percent vested in their account.

F. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee. In addition, the Plan holds common stock of the Company. These transactions qualify as party-in-interest transactions.
