BIG LOTS REPORTS RECORD FULL YEAR PERFORMANCE

FULL YEAR COMPS UP 16.1% WITH EPS MORE THAN DOUBLE PRIOR YEAR

RECORD Q4 COMPS OF 7.9%

Q4 EPS OF \$2.59 AHEAD OF GUIDANCE

Columbus, Ohio – March 5, 2021 – Big Lots, Inc. (NYSE: BIG) today reported net income of \$98.0 million, or \$2.59 per diluted share, for the fourth quarter of fiscal 2020 ended January 30, 2021, which compares to the company’s guidance, as provided on January 13, 2021, of \$2.40 to \$2.50 per diluted share. Net income for the fourth quarter of fiscal 2019 was \$93.8 million, or \$2.39 per diluted share. Net sales for the fourth quarter of fiscal 2020 totaled \$1,738 million, an 8.1% increase compared to \$1,607 million for the same period last year, with the growth resulting from a 7.9% increase in comparable sales, and sales growth from new and relocated non-comp stores, offset by a slightly lower average store count year-over-year.

Remarking on today’s announcement, Bruce Thorn, President and CEO of Big Lots stated, “I am pleased to report that our fiscal fourth quarter ended strongly, with a record fourth quarter comparable sales increase despite softer than planned traffic in December and inventory and supply chain challenges during the quarter. We also delivered another stellar quarter of growth across our ecommerce and omnichannel platforms with sales increasing over 130%. Throughout the quarter, our strategic investments and the nimbleness of our teams allowed us to serve our customers better than ever, as well as adjust to market dynamics to deliver excellent top-line and bottom-line results.”

Mr. Thorn further remarked, “Fiscal 2020 was the strongest year in the history of Big Lots, occurring against the backdrop of an unprecedented year of uncertainty for our nation and industry. The results were the culmination of the tremendous efforts of our associates in our distribution centers, our stores, and our corporate headquarters, combined with the ongoing and successful rollout of our Operation North Star strategies. Beyond our 2020 results, we believe these strategies position us for ongoing success, supported by our steadfast focus on customer service, our assortment of everyday essentials and stay-at-home products, and our growing customer file. During 2021, we will continue the roll-out of our Lot and Queue Line programs to the balance of our stores, expand our offerings under the Broyhill brand, further scale our greatly enhanced ecommerce capabilities, and accelerate new store openings. With the dedication and commitment of our 37,000 associates to drive these initiatives, we’re confident that 2021 will be another successful year in the evolution of Big Lots.”

FISCAL 2020

For fiscal 2020, net income totaled \$629.2 million, or \$16.11 per diluted share. Excluding non-recurring items detailed in this release, adjusted net income for the full year period ended January 30, 2021, totaled \$287.3 million, or \$7.35 per diluted share (non-GAAP), compared to adjusted net income of \$144.4 million, or \$3.67 per diluted share (non-GAAP), for fiscal 2019.

Net sales for fiscal 2020 totaled \$6,199 million, a 16.5% increase compared to \$5,323 million last year, with the increase resulting from a comparable sales increase of 16.1% and sales growth in high volume new and relocated non-comp stores.

Inventory and Cash Management

Inventory ended the fourth quarter of fiscal 2020 at \$940 million compared to \$921 million for the same period last year. The 2% increase was driven by in-transit inventory, which continues to be substantially higher year-over-year as the company has increased its order volume to restore on-hand merchandise and accommodate longer lead times on imported merchandise. Excluding in-transit, on-hand inventory was down approximately 5% to the prior year.

The company ended the fourth quarter of fiscal 2020 with \$560 million of Cash and Cash Equivalents and \$36 million of Long-term Debt, compared to \$53 million of Cash and Cash Equivalents and \$279 million of Long-term Debt as of the end of the fourth quarter of fiscal 2019.

Share Repurchase Authorization

As previously announced, on August 27, 2020 the company's Board of Directors authorized the repurchase of up to \$500 million of the company's outstanding common shares. The authorization may be utilized to repurchase shares in the open market and/or in privately negotiated transactions at the company's discretion, subject to market conditions and other factors. In the fourth quarter of fiscal 2020, the company invested \$73 million to repurchase 1.6 million shares at an average price of \$46.38. Through the end of the fourth quarter of fiscal 2020, the company had utilized \$173 million under this authorization to repurchase 3.8 million shares, at an average price of \$46.05.

Dividend

As announced in a separate press release, on March 4, 2021, the Board of Directors declared a quarterly cash dividend of \$0.30 per common share. This dividend payment of approximately \$11 million will be payable on April 2, 2021, to shareholders of record as of the close of business on March 19, 2021.

Our management uses these non-GAAP financial measures, along with the most directly comparable GAAP financial measures, in evaluating our operating performance.
