Issuance of subordinated notes - Note 4

The accompanying notes are an integral part of these condensed financial statements.

CONSOLIDATED STORES CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 1 - BASIS OF PRESENTATION

The condensed consolidated balance sheet at August 3, 1996, and the condensed consolidated statements of income and statements of cash flows for the thirteen and twenty-six week periods ended August 3, 1996, have been prepared by the Company without audit. In the opinion of management, all adjustments necessary to present fairly the financial position, results of operations, and cash flows at August 3, 1996, and for the thirteen and twenty-six week periods presented have been made. Such adjustments consisted only of normal recurring items.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principals have been omitted or condensed. It is suggested that the condensed consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report for the year ended February 3, 1996. The results of operations for the period ended August 3, 1996, may not necessarily be indicative of the operating results for the full year.

NOTE 2 - EARNINGS PER COMMON AND COMMON EQUIVALENT SHARE

Earnings per common and common equivalent share are based on the weighted average number of shares outstanding during each period which includes the additional number of shares which would have been issued upon exercise of stock options assuming that the Company used the proceeds received to purchase additional shares at market value.

NOTE 3 - STOCK OFFERING

As of June 10, 1996, the Company completed an offering of 5,125,000 shares of common stock, including a underwriters' over-allotment of 125,000 shares. Net proceeds to the Company were approximately \$190.6 million.

NOTE 4 - ACQUISITION OF KAY-BEE CENTER, INC.

As of May 5, 1996, the Company acquired Kay-Bee Center, Inc. (KAY-BEE) from Melville Corporation for a purchase price of approximately \$315 million (subject to post-closing adjustments), consisting of \$215 million in cash and \$100 million of subordinated notes, issued to Melville Corporation. At May 5, 1996, KAY-BEE operated 1,045 toy stores located in all 50 states and Puerto Rico primarily under the names Kay-Bee Toys and Toy Works. This transaction is accounted for as a purchase.

The unaudited pro forma summary of operations data for each of the twenty-six week periods ended August 3, 1996 and July 29, 1995, and the thirteen week period ended July 29, 1995, have been prepared by combining the consolidated

During the second quarter of 1996 the Company recorded an extraordinary item in connection with the early extinguishment for \$35 million of 10.5% senior notes. The charge before income taxes was \$2.9 million.

RESULTS OF OPERATIONS

TRENDS. The Company is the nation's largest close-out retailer, with 1,940 stores located in all 50 states and Puerto Rico. As a value retailer specializing in close-out merchandise and toys the Company operates 775 retail close-out and specialty stores under the names ODD LOTS/BIG LOTS, ITZADEAL! and ALL FOR ONE in the midwestern, southern and mid-Atlantic regions of the United States. Additionally, 1,165 retail toy and close-out toy stores were in operation throughout the United States and Puerto Rico under the names KAY-BEE, TOY WORKS and TOY LIQUIDATORS. As more fully described below, on May 5, 1996, the Company acquired 1,045 KAY-BEE and TOY WORKS retail toy stores. The Company believes that KAY-BEE is the largest enclosed mall-based toy retailer in the United States.

The table below compares components of the statements of earnings of the Company as a percent to net sales and reflects the number of retail stores in operation at the end of each period.

# RESULTS OF OPERATIONS - CONTINUED

The Company has historically experienced seasonal fluctuations with a significant percentage of its net sales and income being realized in the fourth fiscal quarter. The Company's quarterly results can also be affected by the timing of store openings and closings, the amount of net sales contributed by new and existing stores and the timing of certain holidays. Historically, the Company has generally recorded operating profits during each fiscal quarter. Due to the increase in the Company's retail toy operations as a result of the KAY-BEE acquisition on May 5, 1996, it is anticipated operating losses will be recognized during the first three fiscal quarters and a increasing amount of net sales, operating profit and net income will be recognized in the fourth fiscal quarter. Quarterly fluctuations in inventory balances are normal reflecting the opportunistic purchases available at any given time and the expansion of the Company's store base. Historically, on a per store basis, inventory levels are lower at the end of the Company's fiscal year and build through the remaining three quarters of the year to a peak level in the third quarter. Accounts payable generally follow a trend similar to inventories.

SALES. Net sales for the thirteen and twenty-six week periods ended August 3, 1996, increased 69.6% and 45.0%, respectively. Comparable store sales for stores open two years at the beginning of the fiscal year increased 3.2% for the quarter and 4.0% for the year to date period. The sales improvement reflects the greater number of close-out and specialty stores in operation during the period and the sales performance of KAY-BEE acquired at the start of the second quarter of fiscal 1996.

Net sales by operating unit were as follows:

RESULTS OF OPERATIONS - CONTINUED

GROSS PROFIT. Gross profit as a percent of net sales was 40.9% for the second quarter of fiscal 1996 compared to 42.5% in the same 1995 period. The decline for the quarter primarily results from the effects of KAY-BEE acquired at the beginning of the second quarter which traditionally operates at a lower gross margin percentage than historically reported by the Company. To a lesser degree, the declines in gross profit percentage also reflect slightly higher markdowns experienced by the close-out and specialty operating units. Gross profit was 41.5% and 42.3% for the first six months of fiscal 1996 and 1995, respectively.

SELLING AND ADMINISTRATIVE EXPENSES. As a percent to net sales, selling and administrative expenses were 41.8% and 37.6% in the second quarter of fiscal 1996 and 1995, respectively and 41.2% and 38.8% in each of the year to date periods. These increases are primarily attributable to the effect from store operating expenses of KAY-BEE which are anticipated to be greater as a percent to sales in the first three fiscal quarters than historically reported by the Company.

INTEREST EXPENSE. Interest expense increased \$3.7 million in the second quarter of 1996 and rose \$4.3 million for the year. These increases result from higher weighted average borrowing outstanding for the respective periods, principally associated with operating requirements of KAY-BEE, and a increase in the effective borrowing rate.

INCOME TAXES. The effective tax rate of the Company is 37.0% in 1996 compared to 38.0% in 1995. The reduction in the effective tax rate is principally attributable to the recognition of tax planning benefits for state and local income taxes. Included in the calculation of the Company's effective tax rate is the recognition of benefits of a corporate-owned life insurance program established in 1994. Subsequent to August 3, 1996, Federal legislation was passed which, among other matters, limits the interest deduction associated with corporate-owned life insurance. The Company is evaluating the impact this legislation may have on the effective tax rate for future periods.

ACQUISITION OF KAY-BEE. Pursuant to a Stock Purchase Agreement dated March 25, 1996, Consolidated Stores Corporation acquired from Melville Corporation (Melville) all of the issued and outstanding common stock of KAY-BEE, a California corporation and a holding company for approximately 800 subsidiaries, operating 1,045 retail toy stores. Consolidated Stores effected the acquisition through KB Consolidated, Inc., a newly formed subsidiary of the Company. The acquisition was effective as of 12:01 a.m. on May 5, 1996.

The purchase price for all of the KAY-BEE common stock is approximately \$315 million, subject to a post-closing adjustment based on an audit of KAY-BEE'S balance sheet. The purchase price is comprised of \$215 million in cash and \$100 million of subordinated notes by the Company to Melville. The initial purchase price payment was based on the estimated net book value of KAY-BEE as of December 31, 1995.

RESULTS OF OPERATIONS - CONTINUED

The Stock Purchase Agreement provides for a dollar-for-dollar post-closing adjustment of the purchase price in the event that the final net book value of KAY-BEE as of the closing date differs from the estimated net book value. Melville must provide to the Company within 60 days of the closing date an audited closing balance sheet of KAY-BEE as of the closing date setting forth the calculation of the final net book value.

Under the Stock Purchase Agreement, Melville made standard representations, warranties and covenants.

LIQUIDITY AND CAPITAL RESOURCES

- -----

The primary sources of liquidity for the Company has been cash flow from operations and borrowings under available credit facilities.

Concurrent with the acquisition of KAY-BEE the Company terminated its existing revolving credit agreement and entered into a Revolving Credit Facility dated May 3, 1996, as amended June 28, 1996, with a syndicate of financial institutions to provide senior bank financing in an aggregate principal amount of up to \$600 million. The Revolving Credit Facility consists of a revolving loan facility (the "Revolver") with the amount available thereunder equal to \$450 million and a letter of credit facility with up to \$200 million available for the issuance of documentary and standby letters of credit. The facility has a maturity date of May 3, 1999. At May 4, 1996, the Company borrowed \$320 million under the Revolver to finance the acquisition of KAY-BEE and repay certain existing indebtedness under the prior revolving credit agreement and senior notes.

In connection with the acquisition of KAY-BEE the Company issued \$100 million of Subordinated Notes. The Subordinated Notes mature in 2000 and bear interest at a rate of 7% per annum, payable semiannually. The Subordinated Notes are redeemable at the option of the Company, in whole or in part, after two years from their issuance, at a premium to their principal, plus accrued interest.

In the second quarter of 1996 the Company completed an offering of 5,125,000 shares of common stock, including a underwriters' over-allotment of 125,000 shares. Net proceeds to the Company of approximately \$190.6 million were utilized to repay a portion of the borrowings incurred to finance the acquisition of KAY-BEE.

The Company's capital structure has changed significantly from the issuance of common stock and increased credit facilities. The Company continues to believe that it will have adequate resources to fund ongoing operating requirements and future capital expenditures related to the expansion of existing businesses and development of new projects. Additionally, management is not aware of any current trends, events, demands, commitments, or uncertainties which reasonably can be expected to have a material impact on the liquidity, capital resources, financial position or results of operations of the Company.
